IBM AND BALDERDASH AT PURA DALEM JUNGJUNGAN

SATURDAY JAN 15

ICE. You asked for it you wanker. And RA WOODEN EYE having satisfactorily disposed of looming rain clouds duly obliged. Such ordeal alleviated by the charming encumbrance of SCREWDRIVER. To have her sitting on you in any situation nothing less than sheer delight. We should do it more often. The headlined hares and their cohorts - HARELIP & TOILET TRASHER - were ensconced by the PROST dispensary when I arrived one hour and a half before the OFE. With taps already open and such convivial company, the balai seemed to fill in a flash., with tremendous turnout-- good four kegger at least.

Lovely to see MOOSE GIVES HEAD and BLIND DOG still at it, and DANDY PANTS bringing up the rear. Huge attraction of virgin HASH HOUND POOF cradled in STEPTOE's arms, after being rescued naked and dying in a ditch by CHOCOLATE FINGER but a few weeks! ago. The thylacine is alive and well in Bali. EAT HER yet again dishing out the Marlboro Lights. Thank you dear girl. But undoubtedly the star of greatest magnitude who stole the on tire show was WORM accompanied by NIGHT CRAWLER, illuminating all about. Arrived at the airport that morning fresh from the frozen wastes of snow bound up-state New York and incarceration! in HARRIS in Jakkers, where lodged on 23rd floor during a fairsized earthquake - ask WORM about it. Such devotion: welcome back, and hope to catch up with WORMHOLE and WRIGGLY soon.

Usual shenanigans engineered mostly by WOODEN EYE, SERIAL OFFENDER and DISCOWANKER, Since it was Hr Peristiwa Laut/Samudra it seemed that something nautical would be appropriate, So YWGMH offered Good Ship Venus which is basically a string of limericks and this degenerated into more of same, contributed by SPOOK and CONCRETE ERECTION. Always good to be reminded of the peculiar antics of such eminent dignitaries as the Bishops of Birmingham, LONDON and BUCKINGHAM, not to mention
