How very apt that UNCLE & YO-YO's memorial run sh ould take place on Transfiguration Day And such a splendid site and show - acres of greensward and band of brilliantly arrayed angels coming straight at us to the accompaniment of brass band in the magnificent wantilan singing and playing the HASH valedictory FOYC. So unexpected. There were four drummers (snare and bass) and four each of trumpet, French horn, valve trombone and two shining sousaphones. Old UKCLE would have been in his element for, as mentioned in YWGMH's enlogy, not only was he our GM and HASH HORM but also regimental bandmaster and multi-instrumentalist with the KMT. Numerologist or no, who will ever forget his 88th birthday bash on August 8th 2008. Most suspicious. VERONICA (UNCLESs cucu and YO-YO's anak) and other members of the fami ly presented us with splendid pots designed to hold the contents of Dangerous; but pretty well everyone was slurping

About time we had one, don't you agree? Next week two day jamboree in the FE.
